- contact an AT&T Solution Provider

¹ Meets US MIL-STD-810G for shock-resistance. Certified IP65 for protection against dust and water jets. Device will not operate under water and should be dried as quickly as possible when wet. Shock-resistant when dropped from ≤ 4 ft onto flat surface. Device may not perform as shown in all extreme conditions.

² The estimated maximum standby and use time may vary depending on your current usage patterns, settings, and other factors and conditions.

³ Devices connected to your Mobile Hotspot use data from your plan. Overage charges apply if the included monthly data allowance is exceeded. The number of devices you can connect depends on your device. Performance may vary depending on the number of devices connected and other factors. If you do not use a password, others will be able to use your Mobile Hotspot connection. Visit a store or att.com to learn more.

⁴ Coverage and service not avail. everywhere. International roaming data rates apply outside the U.S., Puerto Rico and U.S.V.I. Visit att.com/passportdata and select tablet and laptops to review international travel data packages available for select countries. Pay-per-use rates apply without a package. For cruise ship travel data packages, see att.com/cruiseships. Pricing, fees, and terms subject to change and may be modified, terminated, or discontinued at any time without notice. Add'l restr's apply.

53G UMTS: 850/900/1900/2100 MHz. 4G LTE bands 1, 2, 3, 4, 5, 7, 12, 17, 29 and 30 including International LTE Roaming. Learn more about International LTE Roaming availability at att.com/globalcountries.
