

Finally—an Android that has it all.

HTC One® A9 with Android™ 6.0 (Marshmallow) gives companies tools to improve employee productivity, bolster security, simplify management and create opportunities to leverage mobile devices for single-use scenarios.

Features:

- **Peace of mind:** Get the most out of work and play with expandable memory up to 200GB† (card sold separately).
- **HTC camera experience:** The 13MP rear-facing camera with optical image stabilization captures sharp, bright pictures—even great in lower light. The 4 UltraPixel™ front-facing camera gives vivid clarity to presentations.
- **Hear it all:** Get the details of your calls with a dedicated amplifier, ultra clear 24-bit, high-resolution audio and Dolby Audio™†† headphone surround sound.

Capabilities:

- **More security features** including: OS level fingerprint access, official support for SD card encryption, silent certificate access, VPN in settings, runtime permission management and more.
- **Android for Work** allows for enabling/disabling features like: keyguard, safe boot, screen turn-off prevention, silent installation/un-installation of apps and auto-accept updates.
- **Other key business capabilities** including: Google “Now on Tap,” long battery life, single-use applications and the ability for Bring Your Own Device (BYOD) functionality.
