

Works as hard as you do.

Features:

- **Large, bright display:** Enjoy improved readability in bright outdoor settings on the 5.7" HD, impact-resistant display. View documents, forms, schedules and other business-critical information with ease.
 - **Rugged design:** DuraForce XD is certified IP68 dust and waterproof (30 min., 6ft.) and provides Military Standard 810G protection against dust, drop, shock, vibration, temperature extremes, blowing rain, low pressure/high altitude, solar radiation, salt fog, humidity and water immersion.¹
 - **Enhanced Push-To-Talk (EPTT) support:** Communicate with co-workers and work teams in an instant with the large, dedicated side key. Extra-loud dual speakers enable you to have clear conversations, even in noisy work environments. Plus, you get wide-coverage EPTT support over Wi-Fi® and LTE.²
 - **Non-incendive:** Certified Class 1, Division 2 for use in hazardous locations where certain gases, vapors and liquids are not normally present in an explosive concentration (but may accidentally exist).*
- ***Warning:** Do not charge, use USB / audio jack or open the battery door in Division 2 hazardous areas. For additional warnings see <http://www.kyoceramobile.com/support/phone>.

Capabilities:

- **Glove & Wet Touchscreen Operation:** With Glove and Wet Touchscreen Operation, you can use the touchscreen while wearing gloves or when the screen is wet. This automatically-activated feature allows for continuous productivity in any environment.³
- **High-capacity 3,700mAh removable battery:** External charging contacts for multi-bay charging ensures no downtime for recharging for businesses with multi-shift operations.⁴
- **Ready to work on-the-go:** Android™ for Work separates business apps from personal apps so people can use their favorite Android device for both work and play. It helps businesses bring more devices to work by securing, managing and innovating on the Android platform.

NETWORK	3G, 4G and 4G LTE capable including International**
OPERATING SYSTEM	Android™ 5.1 (Lollipop)
SPECIAL FEATURES	IP68 dustproof and waterproof (30 min., 6 ft.) and Military Standard 810G built-in protection, ² EPTT-capable
DIMENSIONS	6.57" x 3.4" x 0.55"; weight: 10.8 oz.
DISPLAY	5.7" IPS, TFT/Temper Glass, 720p HD (1280x720 pixels), impact-resistant, 16M color
PROCESSOR	Qualcomm® Snapdragon™ 400 quad-core processor
MEMORY/STORAGE	16GB onboard (9,200MB usable) ³ , MicroSD™ memory card slot supports up to 64GB (sold separately)
BATTERY	3,700mAh removable battery, up to 23 hrs. talk time, up to 34 days standby time. ⁴
SECURITY	EAS, VPN, remote lock and wipe, on-device encryption, mandatory password enforcement
CAMERA/VIDEO	8MP rear facing with 4x digital zoom, 2MP front facing with 4x digital zoom; Full HD video (1920x1080)

** 4G LTE not available everywhere. LTE is a trademark of ETSI. Learn more at att.com/network.

¹ Meets US MIL-STD-810G to withstand dust, shock, drop, vibration, temperature extremes, blowing rain, low pressure/high altitudes, solar radiation, salt fog, humidity and water immersion. Certified waterproof for IPX5, protection against water jets and IPX8, protection against water immersion in up to 6 ft. (1.8m) for 30 minutes. Phone is not intended to be used under water and should be dried as quickly as possible when wet. To ensure that your phone is waterproof, make sure the charger/data port, audio jack and card slot covers are properly sealed, with no foreign objects obstructing the seals. Shock-resistant when dropped from ≤ 4 ft onto flat surface. Device may not perform as shown in all extreme conditions.

² Must have Enhanced Push-To-Talk feature provisioned. Additional charges and terms and conditions apply.

³ Recognizes touch input while wearing gloves up to 3mm thick, the material, texture and thickness of the glove as well as how it fits your hand will impact performance. Individual results may vary.

⁴ Results may vary. Battery power consumption depends on factors such as network configuration, signal strength, operating temperature, features selected, vibrate mode, backlight settings, browser use, frequency of calls and voice, data and other applications usage patterns.
