

Raise up your Smart Life.

Features:

- **AT&T 4G LTE¹ wireless network connection:** Leave your phone behind. Continue to talk and connect while you run errands or walk your dog—all without your phone.²
- **Sleek metal body watch design:** Stainless steel and a round touch display deliver true timepiece aesthetics, yet provide an advanced connected experience.
- **NumberSyncSM** gives you the freedom to use your mobile number to make and receive calls and text messages, even when your phone is turned off.³

Capabilities:

- **Extensive battery:** The 570mAh battery keeps ticking all day long on a single charge.⁴
- **Connected with each moment[!]:** Place calls, send texts, or check scores with a simple “Ok Google”—even when you’re away from your phone.²
- **Info at a glance:** Important notifications, social updates and daily schedules are displayed right on your wrist.

¹4G LTE not available everywhere. LTE is a trademark of ETSI. Learn more at att.com/network.

²**LG Watch Urbane 2nd Edition LTE:** Requires pairing with compatible smartphone (sold separately) with the Android Wear app for activation, software updates, app downloads and 3rd party app notifications from smartphone to Urbane 2. To route notifications on the Urbane 2 when Bluetooth™ is unavailable, the compatible smartphone must also be on and connected to the internet.

³**NumberSync for wearables:** Requires smartphone on AT&T postpaid wireless account & set up for HD voice & compatible wearable on eligible wireless plan. When calling from outside AT&T's owned & operated domestic coverage area, wearable number rather than smartphone number is shown in caller ID. **Device Limits:** Sync up to 5 wearables. Device selection limited. **Voice Charges:** Calls to international numbers using NumberSync are subject to international rates under your wearable's rate plan or international package. See International landing page url is <https://www.att.com/shop/en/wireless/international.html> for information on pay-per-use rates and available packages for international calls from the U.S. and for roaming when traveling abroad. **Data Charges:** SMS/MMS messages sent/received through your wearable using NumberSync count as data & data usage rates under your wearable's rate plan apply. MMS messages (group, picture or video messages) cannot be sent/received via NumberSync to/from numbers outside US, Puerto Rico and USVI. **911 Calls:** 911 calls are not supported outside the US, Puerto Rico or USVI. **Additional restrictions:** Not compatible with Smart Limits, Ringback Tones, OfficeDirect or OfficeReach. **Additional Information:** Visit att.com/numbersync

⁴All battery life claims are approximate and based on an average mixed use profile that includes both usage and standby time. Actual battery performance will vary and depends on many factors including signal strength, network configuration, age of battery, operating temperature, features selected, device settings and other application usage patterns.
