

Xerox® ID Checker App

Make fraud protection automatic.

Xerox®
ID Checker

What's the true cost of ID fraud?

ID fraud is real. So is the cost to business. But spotting it can be a challenge, leading to failure rates of up to 50%*. The Xerox® ID Checker App makes protecting businesses from ID fraud as easy as 1, 2, 3. Now staff can check the validity of an ID document in seconds. Data from onboarding paper processes is automatically captured and fed through your processes. Manual steps are eliminated, so risks of error are reduced. And you can relax, knowing your business is safe.

For every dollar of fraud committed, U.S. retailers incur **\$3.13** in costs. But manual ID verification is listed as a top challenge by **43%***.

BEFORE

AFTER

Fewer steps, fewer errors and less fraud.

The ID Checker App helps you reduce the risk of revenue loss associated with manual ID checking. ID verification is as easy as collect, scan and receive notification. No waiting, no risk of undetected errors — just real-time verification and fraud prevention. Easier on customers, easier on staff, easier on you.

xerox™

Instantly verify ID at point of need?

It's easy with the Xerox® ID Checker App.

Your employees want to help prevent fraud. But it's often a challenge. Until now. The new ID Checker App makes it easier than ever for staff to scan global ID documents and capture information — protecting business from fraud during checkout, returns, ship-to-store, pickup, application and onboarding.

ID Checker App at a Glance

Select the country and the type of document, then scan and preview.

If approved, print/email a certificate and optionally export raw data.

Failed Attributes	
Expiration Date	Expired
Name	Invalid
Other	Invalid
