U-verse Voice International Plus

- **Unlimited** nationwide calling across the U.S.
- **Unlimited** calling to Canada, Puerto Rico, and U.S. Territories and Mexico*
- **Low** International rates with special lower rates to 21 specific countries

AT&T U-verse Voice requires AT&T U-verse High Speed Internet service

Benefits

Enhance productivity with these benefits:

- **Flexibility:** Multiple calling features help you manage your inbound and outbound calls
- **Simplicity:** One monthly bill includes voice, Internet usage, features, and messaging. A single mailbox provides easy access to both your wireless and U-verse Voice messages
- **Reliability:** Re-route calls in the event of an outage providing support during disasters
- **Affordability:** Great bundle pricing

Features

U-verse Voice provides popular features, such as Caller ID, Call Waiting, Call Forwarding, Three-Way Calling, and others, plus cost effective advanced features such as:

- **U-verse Voicemail:** Provides a single voicemail box for both your office and mobile phones. With U-verse Voicemail, you also get voicemail-to-text notifications and transcription.
- **Locate Me:** Allows incoming calls to ring simultaneously on multiple landline and wireless phone numbers until the call is answered or goes to voicemail
- **Safe Call Forwarding:** Sends your calls to a pre-arranged phone number in case of an emergency
- **Call Logs & Click to Call:** Lets you use your PC like your mobile device to see all calls, including missed ones, and then call the number with a simple click
- **Web Portal:** Allows you to manage your features, make changes to your service, and run reports from one place using any Internet connection

Why Choose AT&T?

- We provide flexible, competitively priced services to meet your communication needs
- Our new technology and innovative solutions are designed to benefit your small business or home office
- You can purchase solutions you need from one trusted provider

For more information, contact your AT&T Solution Provider.

AT&T U-verse® Voice: Prices subject to change. Installation, taxes, fees, and other charges apply. International calls billed at additional per-minute rates; higher rates may apply for calls terminating on mobile phones or other wireless devices. Service cannot be moved to a different address from where originally provisioned unless AT&T moves the service; will function only at the provisioned location. U-verse Voice, including 911 dialing, will not function during a power outage without battery backup power, during a network outage, with relocation of the U-verse Gateway, with delays that may occur in making a registered location available through the ALI Database or with disconnection of service due to billing issues. Non-returned equipment charges may apply if equipment is not returned within required timeframe upon disconnect of services. Refer to U-verse Voice Terms of Service at <http://www.att.com/smallbusiness/terms/att-u-verse-voice-tv-tos-120913.pdf> for more information on U-verse Voice including 911, battery backup, and alarm systems. Acceptance of U-verse Voice Terms of Service and 911 Acknowledgement required. Credit and other restrictions apply. AT&T U-verse® Voicemail may not be fully compatible with all AT&T wireless voice mail systems. Some call information may be blocked or otherwise not displayed, including information for some calls originating outside of AT&T's network and calls carried over facilities that do not transmit Caller ID information. U-verse Voice requires a U-verse High Speed Internet Service and acceptance of U-verse High Speed Internet Terms of Service at <http://www.att.com/internet-terms>. If a U-verse Voice service plan is terminated, AT&T will charge its then current list AT&T U-verse High Speed Business Edition rates, (monthly or term rates as applicable). *Calls to mobile devices in Mexico will be charged the IMTC (International Mobile Termination Charge) which is an additional per minute rate that is applied to all international calls (direct dial calls from your home or business and calling card calls) originating in the United States and terminating in certain countries to either wireless communications devices (including but not limited to mobile phones, pagers, personal computers and personal digital assistants), or to a portable telephone number where a forwarding, tracking or other type of location service is used.
