Samsung is offering special, limited-time pricing on 1.7mm videowalls. Now you can cut the bezel size in half and create virtually seamless videowalls at 3.5mm bezel pricing! Every image, every message will be virtually seamless and impossible to ignore. Be sure to take advantage now. Stunning beauty is now within everyone's reach.

## Samsung's Extreme Narrow Bezel Videowall Line up

**Create immersive, virtually seamless videowalls thanks to the extreme narrow bezels of the Samsung UH55F-E and UM55H-E premium videowall displays.**

With superior picture quality and high product reliability, these premium videowall displays are designed to operate around the clock. The UH55F-E and UM55H-E measure just 1.7mm from bezel-to-bezel, for virtually seamless bright, beautiful pictures. Factory calibration ensures consistent color, while a bright non-glare panel makes sure bright reflections don't get in the way of your message. And you can achieve 4K UHD resolution when you daisy chain up to 5x5 displays without additional equipment, for stunning videowalls with lower TCO.
